Gold Air

Airsickness Bag

In the event of over indulgence during the forthcoming festive season leading to a sudden feeling of uncontrollable nausea, please fold this card along the lines as indicated and seal the edges with sticky tape or whatever else comes to hand and convert it to an instant sick bag.

I trust this will give you a sense of added security during any heavy drinking sessions over Christmas and the New Year period as you will be safe in the knowledge that this card is easily convertible to a pocket sized vomit receptacle!!

HAPPY DRINKING!!

**Merry Christmas
and a
Happy New Year**
